The Planning Commission (7-0 vote) and staff recommend APPROVAL.

**** STAFF REPORT ****

PROJECT DESCRIPTION

The subject site contains an existing City Park (Cimarron Rose Park) on a 2.58 acre lot at 5591 North Cimarron Road. The applicant is proposing to rezone the site from R-E (Residential Estate) to C-V (Civic). The existing zoning of R-E (Residential Estates) is not compatible with the existing PR-OS (Parks/Recreation/Open Space) land use designation. The proposed C-V (Civic) district will allow conformance with the existing land use designation of PR-OS (Parks/Recreation/Open Space) on the subject site. If denied, the zoning will remain inconsistent with the existing land use designation. Staff is recommending approval of the subject Rezoning application.

ANALYSIS

This request would rezone the subject site from R-E (Residential Estates) to C-V (Civic), which will allow conformance with the existing PR-OS (Parks/Recreation/Open Space) land use designation. As the kinds of uses allowed in the proposed C-V (Civic) zone, including the existing city park, are consistent with the existing PR-OS (Parks/Recreation/Open Space) land use designation, staff is recommending approval of this request.

FINDINGS

In order to approve a Rezoning application, pursuant to Title 19.18.040, the Planning Commission or City Council must affirm the following:

1. “The proposal conforms to the General Plan.”

The proposed C-V (Civic) district is consistent with the existing PR-OS (Parks/Recreation/Open Space) General Plan land use designation.

2. “The uses which would be allowed on the subject property by approving the rezoning will be compatible with the surrounding land uses and zoning districts.”

The uses allowed by the C-V (Civic) zoning district are compatible with the surrounding land uses and zoning districts.

3. **“Growth and development factors in the community indicate the need for or appropriateness of the rezoning.”**

The subject site has a land use designation of PR-OS (Parks/Recreation/Open Space). Rezoning of the subject site will allow conformance with the existing land use designation of the subject site.

4. **“Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed zoning district.”**

The site is accessed from Cimarron Road, a 60-foot Right-of-Way. This thoroughfare is capable of accommodating the traffic flow for the proposed zoning district.
